Coalition for Action document Endorsement

First of all, The Evangelical Theological College of Addis Ababa, Ethiopia would like to thank Discipling Market Place (DML) Ministries for taking a leading initiative to come up with a Coalition for Action Document for Denominations, Ministries and Christian Institutions to obey the directives given by their government to stop the spread of the COVID-19.

ETC as a partner theological institution with DML Ministries agrees and fully endorses the Coalition for Action Document developed by DML. It is our prayer and hope that this document will serve as a catalyst for many to take intentional measures outlined in the document to stop the spread of this deadly virus around the globe.

Sincerely,

Frew Tamrat, PhD
Principal
