

TANGSEGA: FROM TO LIFE

CMA Burkina Faso
October 13th, 2020

God has His way of bringing solutions where there seem to be none. We wanted to plant a new church in the village of Tangsega. As we were wondering how to go about it, COVID-19 came and shut down all doors to reach out to that village. Big meeting within and outdoors and inside buildings were

forbidden including Evangelistic outreaches and large Church gathering.

It was at that time that the DML Leadership Team surprised us with relief gift. We decided to buy Rice to shared it. More than 200 unbelievers' families were served in two localities, 150

One Act, four bottom line: **Social**; More than 716 received local Rice at a Cruc potential famine time. **Environmental**: We used that opportunity to sensitize the villagers on the necessity of hand washing and environmental cleanness. **Economic**; From rice producers to the packagers, it was a job opportunity to n **Missionnel**: A church is opened in Tangsega.

Christians families received help, 46 university students and 20 pastors and their families.

When the village of Trangsega saw what was done, the counselor of the village said; "since this founding of this village, no one, not even the government has ever done

anything like this. So, when are you beginning Church here? " The positive answer finally came on Sunday 20th September. The launching service was held.

Presently, there is a great momentum uniting pulpits leaders and Marketplace leaders.

DML VISITS IMAF

After 30 mn presentation on DML, the Students said they will not go back without DML

I had the opportunity to teach in the Francophone Mission School of Africa (FMSA) on the Missionary models. When I shared about DML with the students coming from three countries: Gabon, Burkina Faso, and Guinea, they decided to have the two days pastors and leaders' workshop, which we did.

The seven students took the initiative to talk to the leadership of the school about including DML as part of FMSA curriculum.

Prior to that meeting, I was given the opportunity to present DML to the Director of FMSA

We thank God for the

opportunity to start our full activities again, despite the challenges of COVID-19.

God bless you

Pray for our Ongoing DML Training each Wednesday

- We envision God's people fearlessly waking up as lions to influence the marketplace the Lion of Judah.
- We pray that God's people will not sit down until the marketplace is reclaimed we experience the second reformation
